50,500 Cattle Sell

RED ANGUS

CROSSBREEDING EXCELLENCE

Since 1960, Red Angus has been the practical choice for crossbreeding.

Red Angus fits any cowherd and works alongside *whatever breed you run*.

Helping you raise cattle that are easier to manage and more profitable to market.

Scan to Learn More!

The Common Denominator is **RED ANGUS**

Charolais or Limousin x **RED ANGUS** =

More pounds, better feed conversion, and cattle that still hit Quality Grade. You get lean gain from the Continental side and the marbling and finish from Red Angus. That means performance and premiums!

Simmental or Gelbvieh x **RED ANGUS** =

Calve easier, keep cows longer, and lower your feed bill. Red Angus helps moderate birthweights and mature size, building efficient, long-lasting replacement females.

Hereford or Black Angus x **RED ANGUS** =

Proven, practical cross that makes fertile, easy-keeping cows and feeder calves that grade. You get the maternal strength of British cattle with added marbling, longevity and heat tolerance from Red Angus.

Brahman-Influence x **RED ANGUS** =

Built for heat and harsh country. You keep the adaptability and add carcass value. Plus the red hide helps with summer stress.

RED ANGUS
RANCH TESTED. RANCHER TRUSTED.

Welcome to our 22nd annual Early Fall Preview video auction. On behalf of our entire team here at Northern Livestock Video, we want to thank you for your interest and continued support of Northern Livestock Video Auction.

We will start at 7:30 AM MDT, Monday the 17th with the light weaned and unweaned calves then we will move into the mid 5 weight and low 6 weight calves. At approximately 11:45 AM we will then move into our popular August replacement heifer section followed by the yearlings at approximately 1:00 PM. After the yearlings we will sell the upper 5 to mid 7 weight calves from all regions. Then at approximately 4:15 PM we will sell 2,000 excellent quality bred females.

Plan on a weekend in Billings! August 15th is the Montana Fair Junior Livestock sale followed that evening by the final performance of Rodeo Billings @ the fairground new outdoor arena. The sale starts at 7:30 AM MDT Monday at BLS and we invite everyone to our annual customer appreciation Prime Rib supper and drinks Monday evening the 17th @ 5:30 PM at Cowboy's in Huntley, MT. We are looking forward to seeing everyone in Billings and hope you can attend the sale at BLS and dinner at Cowboy's.

The sale will be broadcast live from Billings Livestock, on the internet at www.northernlivestockvideo.com, or on the Northern Livestock Video You Tube Channel. The new OTR Cafe at BLS will be open at 6:30 AM MDT each morning for breakfast and throughout the day for lunch.

Feel free to contact our representatives for detailed information on any of their lots. They know their consignments and their country very well. Don't forget our good "Fall Premier" on September 14th with a consignment deadline of August 28th. Thank you for your interest and for your support of Northern and best of luck the rest of the year.

Sincerely,

Joe Goggins
Ty Thompson

“EARLY FALL PREVIEW”

50,500 Cattle Selling

Monday, August 17th 2026

Sale Time - 7:30 A.M. MDT

ATTENTION BUYERS

All buyers **must be** pre-registered & have a buyer number to bid.

To register, call **866-616-5035** before Sale day.

Sale day bid line number is **406-245-0889**.

Past buyers are registered with buyer number on catalog mailing label.

Internet Viewing & Bidding will be broadcast live at www.northernlivestockvideo.com

1. If you are a current buyer with Northern and received a catalog with a buyer number on the mailing label. Simply go to www.northernlivestockvideo.com or download the Northern App on your Smartphone. Click on “Auctions”, then click on “Video Auctions”, choose the auction you want to view or bid on and click “Sign In”. If the sale is live it will come up, if it is not live a lot preview will appear. Use these same instructions to view auctions without bidding capabilities.
2. If you are a new buyer you must Pre Register at least one day prior to the sale. Do this by doing the following:
 - a. Click on “Register”
 - b. Fill out information requested and click on “Create an Account”
 - c. An email will be sent to the email account you provided. Please click the link in the email to activate your new account and a buyer number will be provided.
3. For technical assistance with Internet viewing or bidding please contact 866-313-0123.

~ The Best of Northern Cattle! ~

ATTENTION

Our representatives and consignors make every attempt to put the correct base weight on the cattle being offered. Many factors out of our control can lead to this weight not being right on. This is especially true in cattle that are selling several months ahead of delivery. We have implemented many good protections for both the buyer and the seller to make a fair contract in the event of this happening.

BUYERS MUST SEND ENOUGH TRUCKS TO HAUL GROSS WEIGHT OF CONTRACT PURCHASED.

BUYERS ARE NOT REQUIRED TO TAKE A SPECIFIC HEAD COUNT IN THE EVENT OF CATTLE COMING IN HEAVY.

Sellers are responsible for general health certificates. Buyers are responsible, at their expense, for any additional tagging or testing, required by some states. Please check in advance with **Representatives** if your state of destination requires more than a general health, as some ranchers are unable to tag or test.

ATTENTION ALL NHTC, NATURAL & GAP BUYERS:

Lots carrying logos are Third Party Verified for each particular logo. Logos will be listed at the bottom of individual lot listings.

The Tag Type and QSA Company will be listed at the top of individual lot listings. It will also read NHTC, ALL NATURAL OR GAP under Implants. Cattle that are All Natural, but **not** Third Party Verified will only be listed in comments as follows:

"Will sign All Natural paperwork, not 3rd party verified."

LET 'EM ALL BID, BRING 'EM TO BILLINGS

Montana & Northern Wyoming's Leading Livestock Auctions

Another Fall is upon us here at the combined, competitive markets of Billings. Billings is one of America's great auction towns and we have a large network of buyers across the US and Canada, in addition to our local feeders and buyers.

Add \$51 per head with VAC45

Buyers prove the value of preconditioning practices at sale time

By Dave Sjeklocha, DVM
Cattle Technical Services Manager
Merck Animal Health

Picture yourself unloading a group of uniform, healthy calves at the sale barn; each is a testament to outstanding stockmanship and careful management. Now, envision the financial rewards that follow, especially the sale premiums realized because every box was checked, which leads to increased revenue.

Preconditioning boosts the immune system and health status, helping equip calves to thrive in a backgrounder or feedyard phase.

A successful preconditioning program includes a series of vaccinations and management practices, such as weaning, deworming, and transitioning calves to dry feed, as well as castrating and dehorning.

Does the investment pay off?

Merck Animal Health, Superior Livestock Auction and Kansas State University have worked together to evaluate the management decisions, programs, and health protocols that drive the price per pound paid by buyers. The 2025 dataset includes information from 860,433 calves with an average weight of 572 pounds.¹

Each trait was evaluated relative to a base with all other factors being constant. So, an additive approach can be used when evaluating multiple traits.

VAC45 calves, that is, those vaccinated with two doses of a clostridial vaccine, two doses of a five-way modified live viral vaccine, and at least one dose of *Mannheimia haemolytica* and/or *Pasteurella multocida* vaccine, and weaned at home for 45 days before delivery, added \$9.03/cwt compared to those receiving only one dose of each of the three vaccines and weaned at shipping.² Not to mention, calves weighed more at the end of a 45-day preconditioning program than those weaned at sale time. Selling calves on a VAC45 program added \$51.65 per head.

More opportunities to add value

While not directly rewarded with premiums, producers not implanting forfeit an average of 23 lbs. of gain, which translates to \$85 per head at the sale block compared to calves that were implanted.

Simply by following a VAC45 program and implanting your calves, you can potentially add \$136 per head.

Other factors that delivered value include selling no-horn calves, having medium- to large-frame vs. small-frame calves, using known bulls with high genetic merit and breed type. While lots described as fairly even stood to gain an additional \$4.28/cwt, those described as very uneven brought \$4.28/cwt less than lots that were described as uneven or were missing a classification.

Certain marketing and nutrition programs can add value at auction, but it is important to evaluate the costs and make sure the economic return is there.

Realize the rewards of your investment

PrimeVAC™ by Merck Animal Health is a value-added preconditioning program that focuses on respiratory and clostridial vaccinations, as well as protection against internal parasites. It also includes optional implant protocols. No matter your herd goals, PrimeVAC has options to help you get calves off to the best start.

Work with your veterinarian to select and certify a PrimeVAC protocol that best fits your operation and maximizes your return at sale.

To see more of the Superior Livestock Auction dataset and get resources on the PrimeVAC program, visit [PrimeVAC.com](https://www.primevac.com).

Certified Product of USA Source Verified Add-on

The Power of Meat 2026 reports that **35% of shoppers prefer and will pay extra for U.S.-raised meat, with another 12% actively avoiding imports**. Certified Product of USA is a no-cost add-on to Source Verification, which is the foundation of all verification programs, built on ranch-of-origin EID traceability.

- No-cost add-on to Source & Age
- Built on Source Verified traceability
- Verifies born, raised, harvested in USA
- Meets demand for U.S.-raised beef

Premium Animal Welfare and Sustainability Bundle

RaiseWell Certified + CARE Certified **gives qualified beef producers a strategic path into premium, claims-driven programs**. The bundle connects animal welfare, verified natural, environmental stewardship, and community impact into one market-ready platform, helping cattle carry more value from ranch to harvest.

- Qualify for premium natural beef programs
- Add welfare and stewardship value to cattle
- Support retailer and branded-beef claim needs
- Keep more verified value tied to the ranch

GREENSTEAK

powered by **@breedr**

DATA DRIVEN BEEF. PROVEN PERFORMANCE. PREDICTABLE VALUE.

Identify Genetics That PAY!

Greensteak provides selection indexes with real-world data to identify the cattle that will make you the most money.

- ✓ Measured Feed Efficiency
- ✓ Data-Driven Selection
- ✓ Genetics That Improve the Bottom Line

EINDEX
\$34.76

Our Efficiency Index indicates the expected difference per head for feed conversion of a bull's progeny versus industry average in a feed-yard under similar ration & management practices.

Scan the QR code to learn how you can market your commercial calves with Greensteak Index Values.

PREMIUM, LOW CONSUMPTION SUPPLEMENTS. SIMPLY THE BEST.

TAKE PRIDE IN YOUR MINERAL PROGRAM

WHY OLS TUBS? 1 Improve Body Condition 2 Improve Calf Vigor 3 Improve Breed-Back Rates

At OLS Tubs, we offer a comprehensive line of tubs specifically formulated to **MAXIMIZE PERFORMANCE** and **HERD HEALTH** at every stage of production. We strive to be the industry leader in the low moisture tub business. No other tub company offers the livestock producer so much, for so little. Our customers say that these tubs **MORE THAN PAY FOR THEMSELVES.**

Don't Just Take Our Word for it!

"CUSTOMERS LOVE WHAT'S IN THE TUBS AND THE CONSUMPTION CONTROL GUARANTEE. THEY SELL THEMSELVES. The customers just keep coming back. We had a 97.5% conception rate. That's amazing. It's definitely helpful to feed tubs with the right nutrients in them. These tubs make a big impact on the conception rate and the health of the calves. It's well worth the money."

- Craig Reister, North Dakota Rancher & OLS Tubs Dealer

MORE CONFIDENCE AT BUYING TIME.

MORE CONSISTENCY YOU CAN COUNT ON AT RECEIVING.

**Payback Fortified® cattle
are verified for consistent
nutrition prior to shipping.**

Confidence starts with clarity.

When you see cattle designated as **Payback Fortified®**, you're not relying on assumptions. You're buying cattle with a consistent, verified nutritional foundation designed to support animals through normal transition periods.

What that means at purchase time:

- Consistent feeding practices prior to shipping
- Cattle supported through feedlot transition
- Greater transparency into nutritional management
- Fewer unknowns when evaluating lots
- Added confidence when making buying decisions

The Payback Fortified® designation signals:

- ✓ Qualifying Payback® products fed prior to shipping
- ✓ Required feeding periods met
- ✓ Program verification completed
- ✓ Clear visibility into nutritional preparation

RELIABLE NUTRITION. CONSISTENT MANAGEMENT.

**Look for Payback Fortified®
cattle in the sale listing.**

~ The Best of Northern Cattle! ~

ATTENTION

Our representatives and consignors make every attempt to put the correct base weight on the cattle being offered. Many factors out of our control can lead to this weight not being right on. This is especially true in cattle that are selling several months ahead of delivery. We have implemented many good protections for both the buyer and the seller to make a fair contract in the event of this happening.

BUYERS MUST SEND ENOUGH TRUCKS TO HAUL GROSS WEIGHT OF CONTRACT PURCHASED.

BUYERS ARE NOT REQUIRED TO TAKE A SPECIFIC HEAD COUNT IN THE EVENT OF CATTLE COMING IN HEAVY.

Sellers are responsible for general health certificates. Buyers are responsible, at their expense, for any additional tagging or testing, required by some states. Please check in advance with **Representatives** if your state of destination requires more than a general health, as some ranchers are unable to tag or test.

ATTENTION ALL NHTC, NATURAL & GAP BUYERS:

Lots carrying logos are Third Party Verified for each particular logo. Logos will be listed at the bottom of individual lot listings.

The Tag Type and QSA Company will be listed at the top of individual lot listings. It will also read NHTC, ALL NATURAL OR GAP under Implants. Cattle that are All Natural, but **not** Third Party Verified will only be listed in comments as follows:

"Will sign All Natural paperwork, not 3rd party verified."

Northern Vaccination Program

PRE-CON 1

These calves will be given the following suggested shots at branding:

1. 5 way respiratory. IBR-BVD-PI3-BRSV (Modified live or killed)
2. Pasteurella (both types)
3. Clostridial 8 Way with Somnus

PRE-CON 2

Shots given to calves approximately 3-6 weeks prior to weaning:

1. 5 way respiratory. IBR-BVD-PI3-BRSV (Modified live or killed)
2. Pasteurella (both types)
3. Clostridial 7 or 8 Way with Somnus

PRE-CON 2 PLUS

Two rounds of shots (branding time & 3-6 weeks prior to weaning).

Same shots as PRE-CON 2.

PRE-CON 45

These calves are weaned 45 days and had the following shots twice in their lifetime:

1. Modified live IBR-BVD-PI3-BRSV
2. Pasteurella (both types)
3. Clostridial 8 Way with Somnus

PRE-CON 90

These calves are weaned 90 days or more with PRE-CON 2 program.

Northern Livestock Video Auction

Livestock Forward Contract Terms & Conditions

BUYER REGISTRATION: Each bidder must be properly registered and have a **NLVA Buyer's Number** to bid.

DISPUTE: If any dispute arises between two or more bidders, the Auctioneer may immediately put the lot up for sale again and resell to the highest bidder. The decision of the Auctioneer shall be final and absolute. The Auctioneer & Northern Livestock Video Auction ("NLVA") reserves the right to reject any and all bids. The record of sale kept by the Auctioneer and Clerk will be taken as final in the event of any dispute. NLVA reserves the right to refuse any bid at the time of the sale. Every effort has been made to ensure the correctness of this catalog, but all announcements from the auction block shall take precedence over the printed material.

PAYMENT: Buyer agrees to pay to NLVA for the benefit of Seller, \$100.00 per head as part payment upon entering into this contract and to pay the remaining balance to NLVA at the time of delivery. If Buyer is present at delivery, payment is to be received at time of delivery. If Buyer is not present at delivery, payment must be received by NLVA no later than 5:00 pm (MDT) the first business day following delivery. This can be done by wire or ACH transfer of funds or by overnight mail on the day of delivery. Seller acknowledges that it has received from NLVA \$85.00 per head as part payment for the livestock and agrees that the remaining balance is to be held in Northern Livestock Video Auction Custodial account for shipper's proceeds, as a deposit on commission, until delivery, when the actual commission can be determined. If Buyer defaults or otherwise fails to take delivery he will forfeit his \$100.00/head part payment. In addition if either Buyer or Seller defaults, the defaulting party shall be liable for actual and incidental damages as are permitted by the Uniform Commercial Code, plus court costs and reasonable attorney's fees.

ACCEPTABLE PAYMENT: a check or wire transfer of funds. *No drafts will be accepted as payment of livestock.* In the event of multiple shipments, payment will be required on each day's delivery. Any and all payments will be made to Northern Livestock Video Auction Custodial Account for Shipper's proceeds.

BANK INSTRUCTIONS

Wire Information: Call Office 866-616-5035	NLVA Mailing Address Northern Livestock Video Auction P.O. Box 31533 Billings, MT 59107	For Overnight Delivery (Fed-Ex/UPS) Northern Livestock Video Auction 2443 North Frontage Road Billings, MT 59101
--	---	--

BASE WEIGHT: Is the estimated average pay weight of the cattle on the day of delivery.

SLIDE EXPLANATION: Example: A lot with a 650# base weight sells for \$200/cwt. If cattle weigh 651# on a 10 cent slide the price would be \$199.90, 660#-\$199.00, etc.

BUYER INSURANCE (MANDATORY) - If the pay weight of cattle is 51 pounds or more over BASE WEIGHT, the slide will increase 4 cents on the total animal weight. If pay weight of cattle is 15% more than the base weight, buyer has option to turn cattle down or renegotiate price.

There will be a 25 pound allowance from the base weight and the slide will be 80 cents per pound under the slide weight on bred heifers and 50 cents per pound under slide weight on the bred cows unless otherwise stated.

INSPECTION AND WARRANTIES: Seller shall deliver within 5% of the stated number of livestock on contract, in the event Seller fails to deliver within 5% of stated number of Livestock on contract, he will be liable for replacing any cattle not delivered with cattle of equal size and quality or make the necessary freight adjustment to Buyer. If Buyer demands, replacement of cattle or freight adjustment will be at Seller's expense and Buyer's approval.

Buyer, his agent, or NLVA shall have the right, at delivery, to sort and reject any stags, crippled, blind, loco, lump-jawed or otherwise un-merchantable cattle, or any other cattle that are not described in this contract, as determined by NLVA. Buyer shall notify NLVA of any grievance regarding any livestock within twenty four (24) hours after possession.

FREIGHT ADJUSTMENT: No adjustment will be given on cattle that weigh below the estimated base weight, if the head count is within 5% of the contract. Buyer is not required to accept a specific number of cattle sold, if they exceed the base weight. **Buyer must compute number of loads from gross weight on livestock contract and have enough trucks available at delivery.**

RISK OF LOSS: The risk of loss of any livestock, whether due to injury or death, passes from Seller to Buyer at the time that the livestock are loaded on the carrier. All agreements and adjustments between Buyer and carrier are independent of this Contract.

WEIGHING CONDITIONS: All cattle will be weighed on a certified scale according to weighing conditions stated in the Livestock Forward Contract. No cattle will be delivered or weighed on days when temperatures are 10 below zero or more.

OVERNIGHT DRY STAND: Cattle will be drylotted (no feed or water) the evening prior to delivery.

HEALTH: Seller shall furnish to Buyer any brand and health certificate required by Federal and State law. Buyer is responsible for notifying NLVA when health certificates are needed.

SPLIT LOADS: Heifer price will be a set \$ amount/cwt as stated in the lot information back of the original price of the steers.

NORTHERN GOLD PROGRAM: Cattle must meet the following criteria: (1) Weigh conditions on yearlings of 3% shrink or comparable to a 3% shrink. Weigh conditions on calves of 2% shrink or comparable to a 2% shrink, (2) **Required Slides for base weight listed on contracts:** 300-420# 44 cents, 425-495# 34 cents, 500-560# 28 cents, 565-620# 22 cents, 625-695# 16 cents, 700-795# 14 cents, 800-895# 12 cents, 900# and up 10 cents (3) All cattle selling in the Northern Gold Program will have a weight and slide stop at 30# over the base weight (any weight over the 30# is free to the buyer and the slide stops at 30#). In the event cattle come in light, there is a 30# slide stop (slide stops at 30# but actual weight is used), (4) Cattle will slide same both ways (5) Shots or Pre-con program are not a requirement. **Example:** 500# base weight, sells at \$150/cwt. If cattle weigh 501# on a 28 cent slide, the price would be \$149.72/cwt. If cattle weigh 499#, the price would be \$150.28. **Example coming in heavy:** 500# base weight, 28 cent slide, sells at \$150/cwt, calves come in weighing 560#. 560#-500#=60# (30# weight stop) 30#x28 cent slide=\$8.40. Sale price \$150-\$8.40=\$141.60/cwt @ 530#. **Example coming in light:** 500# base weight, 28 cent slide, sells at \$150/cwt, calves come in weighing 440#. 500#-440#=60# (30# slide stop) 30#x28cent slide=\$8.40. Sale price \$150+\$8.40=\$158.40/cwt @ 440#. **FREIGHT ADJUSTMENT:** Adjustment will only be given if seller does not deliver the head count stated in the contract. NO FREIGHT ADJUSTMENT will be given because of cattle coming in light. Buyer and Seller are not required to accept or deliver a specific head count of cattle sold on contract, if they exceed the base weight. Buyer and Seller are only required to take or deliver gross weight sold on the contract.

BRED CATTLE: Bred cattle are to be pregnancy checked and aged by a licensed veterinarian (at seller's expense) within 30 days prior to sale. Buyer has 7 days upon possession to confirm pregnancy. After 7 days, Seller & Northern Livestock Video Auction will have no further liability for cattle that are not pregnant. Heifers that are sold as Open Feeder Heifers will be pregnancy checked by a licensed veterinarian (at seller's expense) within 30 days prior to delivery. A veterinarian's certificate must accompany cattle.

BRED CATTLE SLIDE EXPLANATION: All breeding cattle will be sold on a sliding scale on the bottom side only. There will be a 25 pound allowance from the base weight and the slide will be 80 cents per pound under the slide weight on bred heifers and 50 cents per pound under slide weight on the bred cows unless otherwise stated. Bred cattle will also be bangs vaccinated with a legible tattoo, unless otherwise stated.

COMMISSION: Seller agrees to pay NLVA a commission of 2.25% of the gross proceeds of the sale for calf & feeder contracts, 3% of gross proceeds for bred cows and heifers. The minimum commission charge is \$11.00 per head or 2% of the gross proceeds, whichever is higher for calf & feeder contracts.

NO SALE OR PASS OUT: If Seller elects to decline the highest bid offered at the auction, he must do so **before the next lot is sold.** If Seller declines the highest bid or for any reason withdraws, said livestock from the auction, the No Sale fee is \$4.00 per head on feeder cattle, \$5.00 per head on bred cattle. The No Sale fee will immediately become due and payable.

DESIGNATION OF AGENT: If Seller and Buyer are not present at the auction, Seller and Buyer authorizes Northern Livestock Video Auction to complete and sign a Livestock Contract for the sale of the livestock described in this contract, on behalf of and in the name of the Seller and Buyer, which will make Seller and Buyer obligated to all terms and conditions of the Livestock Contract, as if Seller and Buyer had signed the contract himself. Seller also authorized Northern Livestock Video Auction to negotiate a satisfactory settlement regarding any discrepancies at delivery.

LIEN: Seller warrants that he has good and marketable title to the livestock and that the livestock will be delivered free from all security interests, liens or encumbrances, unless otherwise stated on consignment contract.

DEFAULT: In the event of failure on the part of either the Buyer or Seller (Parties), to fully perform under the terms of this Agreement, the non-defaulting party may pursue any available remedy at law or equity including specific performance against the defaulting party. In addition, the successful party in any action brought to enforce this agreement shall be entitled to costs and reasonable attorney's fees as determined by the Court.

In the event of a default and upon receipt of written notice clearly stating the default, Northern Livestock Video Auction shall deliver the balance of the down payment to the non-defaulting party or in the event of a dispute concerning the performance by either party, Northern may deposit the down payment into an interest bearing account located at US Bank, Billings, Montana and shall place both parties names on the account which shall require a signature from both parties to remove any of the money. Upon payment of the down payment as provided for in this paragraph, Northern Livestock Video Auction, its members, employees and representatives shall be released from any further liability and have no other obligations to either party. The parties understand and agree that Northern Livestock Video Auction does not guarantee the performance of either party and is not a "Party" to this Agreement. The parties further understand and agree that all warranties either expressed or implied are between the parties.

The parties both agree that after payment of the money as described in this provision, they release Northern Livestock Video Auction, its representatives, members, and employees from all responsibility for any default by either party. In no event shall Northern Livestock Video Auction be liable for lost profits or any special, incidental consequential damages however arising.

SECURITY AGREEMENT: Buyer hereby grants Northern Livestock Video Auction a security interest in the livestock described herein, including the products and proceeds thereof, until such time as final payment of the full purchase price of said livestock is made by Cashier's check, wire transfer of funds or until Northern Livestock Video Auction actually receives final payment on any payment item issued. Default shall exist if final payment is not received within one day from the date buyer takes possession of the livestock described herein, or upon the death, bankruptcy or insolvency of the buyer or upon the sale of said livestock without prior written permission. Upon default, Northern Livestock Video Auction, with or without notice, may exercise any and all rights accorded it by law.
